

## INSTITUTE

In its 44 years of existence, the Institute has striven hard to focus the attention of the Indian Industry of Packaging. Today, the Institute is largely patronised by the Industry & functions with the support of the Ministry of Commerce, Government of India, and has well equipped laboratories with trained manpower at its Headquarters at Mumbai and the Regional Centres at Chennai, Kolkata, Hyderabad and Delhi. The library facilities are one of the best on Packaging in this part of the globe.

The Institute principally assists the Industry by undertaking consultancy projects on Package Development, Testing of Packaging materials & packages and dissemination of information through Training Programmes, Seminars and Conferences.

To encourage and recognise the efforts of the Industry towards Development of new and innovative packaging materials and systems, IIP holds INDIASTAR AND PACMACHINE contests. Many award winners from the country are proud winners of ASIASTAR AND WORLDSTAR award in the International Competitions. The Institute has developed and excellent rapport with the Industry and is indeed proud of its involvement in the rapid progress of the packaging industry in India.

## OBJECTIVES

The application of plastics in packaging is enormous like film, container, laminates, strapping, sacks etc. Its processing techniques as well as quality controls are all different. In order to utilise the plastics in packaging more and more in a systematic and qualitative manner, the Institute has decided to organise one week training programmes in "Flexible Packaging". This programme will cover the different plastic raw materials, processing, properties and quality control of packaging materials like film, laminates, pouches etc. This programme will also cover laboratory visit besides theoretical lectures by the eminent speakers.

## FACULTY

Experts from Industry, besides Institute's own Faculty.

## FREE

Rs. 5000/- per delegate (Non-member)

Rs. 4700/- per delegate (Ordinary member)
